EDITORIAL

COLLECTION 2026

For over 30 years, we have been putting all our expertise into the production of our premium pools and spas. By designing models with increasingly stylish lines, we envision your pool as an integral part of your outdoor space, reflecting moments of happiness, sharing, and well-being. Entirely conceived, created, and crafted in France, our pools adapt to your lifestyle, fitting seamlessly into a small space or immersing themselves in a large outdoor area. We are proud to present our 2026 collection of pools and spas, which we have designed to be modern, innovative, and bold!

ABORAL: FRENCH MANUFACTURING AND EXPERTISE

Careful manufacturing and impeccable quality are our guiding principles. Entirely designed, manufactured, and tested in our factories in France, our expertise makes our models unique. Our manufacturing facilities are equipped with precise, specialized tools, allowing us to control the quality of our products down to the smallest detail.

Saint-Jean-d'Ilac factory, Gironde

Simandre factory, Saône-et-Loire

SHORT CIRCUIT

Since its creation in 2006, Aboral Piscines has been manufacturing the all of its resins and gelcoats are produced in France.

ACT NOW FOR TOMORROW

Aboral Piscines created a production site in Burgundy Unique in France. Heated with wood chips and entirely covered with photovoltaic panels, this site is the most virtuous of the polyester swimming pool manufacturing sites in France.

*Warranty conditions available at www.aboralco.ukr

A SUSTAINABLE AND ECONOMICAL SWIMMING POOL

A COATING DESIGNED TO LAST

The interior lining of your ABORAL pool is made gelcoat, a high-performance paint that is on average twice as durable as a liner.

ENERGY SAVINGS

Low heating consumption due to a 100% material waterproof.

ECONOMIC INTERVIEW

Thanks to their non-porous surface, Aboral swimming pools do not require large volumes of chemicals for their maintenance

WATER SAVINGS

Less evaporation thanks to the perfect seal of the surface area of our swimming pools compared to traditional constructions.

DISCOVER OUR RESPONSIBLE SWIMMING POOLS IN VIDEO

MANUFACTURING STEPS

ABORAL POOLS

1. Preparing the mold your swimming pool

2. Application of the gelcoat, which will determine the color of the pool

3. Application of a fabric in corrosion-resistant fiberglass

4. Tricomplex layer, and Alvéocore® on the steps and the bench
